#Professional Experience

Faithlife / Software Developer Intern

August 2020 - December 2020: Bellingham, WA

- ↳ Developed a custom theme editor using React that improved internal theme production speed for UX/UI designers
- ↳ Worked closely with UX/UI team and team members to maintain 7 existing and 3 new theme sites utilizing React, Less, and ASP.NET through a 14-week software developer internship program
- ↳ Wrote unit testing in React with Cypress to ensure that new changes meet quality standards before deployment

Faithlife / Korean Product Manager

July 2015 - August 2020: Bellingham, WA

- ↳ Managed short and long term launch plans to successfully release products, working with cross-functional departments
- ↳ Developed and maintained a detailed budget for advertising, content production, and localization
- ↳ Increased sales revenue each year by 92% on average
- ↳ Analyzed sales performance and created enhanced market strategies, including social media, e-mail, and SEO tools to develop product positioning

#Education

General Assembly / Software Engineering Immersive / October 2019 - April 2020: Remote

- ↳ Six-month, 420-hour part-time and full-stack program conducted in a remote setting, providing experience with the latest front- and back-end programming languages, tools, and methodologies

Iowa State University / Bachelor of Science, Marketing

Ames, IA
